Crop Values
Final Estimates, 1987-92

Crop Values: Final Estimates for 1987-92. U.S. Department of Agriculture,
Agricultural Statistics Board,
National Agricultural Statistics Service, Statistical Bulletin No. 903.

Abstract

This publication presents final marketing year average (MYA) prices received by farmers and value of production for most U.S. field crops, fruits, and vegetables for 1987-92. Some value of production estimates have been revised slightly since they last appeared in Agricultural Statistics Board releases. These revisions resulted from field crop, fruit, or vegetable production estimates being revised for the period 1987-92 due to additional survey or administrative data becoming available since the original estimates were published. Most MYA prices for the period 1987-92 have not changed since last published in Agricultural Statistics Board publications.

Marketing Year Average Price and
Value of Production Definitions

All prices in this report are marketing year average (MYA) prices which do not include allowances or adjustments for: commodities under government loan at the end of the marketing year; commodities forfeited to the Commodity Credit Corporation; or crop deficiency and disaster payments.

Each State MYA price is based on sales in the months comprising its marketing year, while United States marketing year averages are based on sales during the standard U.S. marketing year for each crop.

United States MYA prices for most crops are computed by weighting State MYA prices by the estimated quantity sold in each State. The exceptions are for corn, sorghum, oats, barley, wheat, rice, soybeans, flaxseed, sunflower, and upland cotton which are computed by weighting U.S. monthly prices by monthly marketings for the U.S. marketing year (see table below). State MYA prices for these monthly crops are computed by weighting monthly prices by the monthly percentages of total sales during their marketing year. State MYA prices for crops not in the monthly price program are based on annual surveys.

State value of production is computed by multiplying each State price by its production. Value of production for the United States is the sum of State values for all States listed for the crop. Value of production estimates in this report relate to the crop year. These estimates should not be confused with cash receipts, which relate to sales during a calendar year irrespective of the year of production.

Crop	U.S. Marketing Year
Wheat, Oats, Barley	Jun thru following May
Flaxseed	Jul thru following Jun
Upland Cotton, Rice	Aug thru following Jul
Corn, Sorghum Grain, Soybeans, Sunflower	Sep thru following Aug

See footnotes on page 14.

Footnotes

- 1/ U.S. average prices per unit computed by weighting State prices by estimated sales for all crops, except corn, sorghum, oats, barley, wheat, rice, soybeans, flaxseed, sunflower, and upland cotton which are computed by weighting U.S. monthly prices by estimated monthly marketings.
- 2/ Estimates began in 1992.
- 3/ Estimates reinstated with the 1992 crop.
- 4/ Includes processed and fresh market.
- 5/ Equivalent packinghouse-door returns for all citrus sales. Prices and values in column headed 1987 - the 1986-87 crop; 1988 - 1987-88 crop; etc.
- 6/ Value at processing plant door.

- 1/ See page 34 for Alaska. Totals may not add due to rounding.
 2/ 1987-91 data are not comparable with 1992 because of additional estimates for selected vegetables.
 3/ Crops included for each producing State are those shown in the U.S. Summary tables on pages 2-13.

Kirby Cavett - Vegetables	(202) 690-3237

The United States Department of Agriculture (USDA) prohibits discrimination in its programs on the basis of race, color, national origin, sex, religion, age, disability, political beliefs, and marital or familial status. Persons with disabilities who require alternative means for communication of program information (braille, large print, audiotape, etc.) should contact the USDA Office of Communications at (202) 720-5881 (voice) or (202) 720-7808 (TDD).

To file a complaint, write the Secretary of Agriculture, USDA, Washington, D.C., 20250, or call (202) 720-7327 (voice) or (202) 720-1127 (TDD). USDA is an equal employment opportunity employer.

Statistical Bulletins may be obtained in hard copy or on diskette by calling the ERS-NASS order desk toll free at, 1-800-999-6779 (weekdays 8:30 a.m.-5:00 p.m.

ET) or by mail from ERS/NASS, 341 Victory Drive, Herndon VA 22070.

Bulletins cost \$10.00 each for paper products or diskettes. The bulletins will also be available on Internet through the Mann Library at Cornell University (gopher usda.mannlib.cornell.edu).
